

Compare Arizona Airparks

27 airport fact sheets | Fathom Realty Elite

A practical starting point

Compare the airport facts in our published directory, keep notes and follow the digital links for current information. This packet includes one fact sheet for each of the 27 directory entries.¹

Snapshot, not a live data feed

Prepared September 19, 2026. Source cycle shown by the directory: September 3 to October 1, 2026. Downloaded files do not update themselves. Return to the website for refreshed data and current listings.¹

Real estate and flying information

Use these sheets for initial comparisons, not navigation, aircraft-performance decisions, property valuation or permission to land. Listings, market reports, association documents and property-specific hangar/ramp details are not reproduced in these summary sheets.
